Re: AAPI Adopt a Village Program of 2022-23

Dear Dr. Chakrabarty,
I am writing this to clarify and reiterate that all the invoices of AAPI Adopt a Village program for the year 2022-23 during my term of presidency of AAPI, were thoroughly reviewed by me and the invoices were paid only after verifying that all the activities of the Adopt a Village program were completed and all the required services were rendered and supplies delivered to the villagers at each site in various states in India.
Dr. Satheesh Kathula has no role in approving the payments of any of the invoices presented by the vendor GTC with whom AAPI has the MOU to implement the Adopt a Village program. Dr. Kathula was not involved in any of the financial transactions related to this AAPI Adopt a Village Program.
The AAPI office has full details of all the invoices and verifications of all the requirements and payments. I request our AAPI Office manager MS. Vijaya Kodali to forward you the relevant information. Thanks

Sincerely
Ravi Kolli, MD
President of AAPI 2022-23
